

EFFECTIVE COMMUNICATION STRATEGIES

An education program presented by the Alzheimer's Association®

Communication is more than just talking and listening — it's also about sending and receiving messages through attitude, tone of voice, and body language. As the disease progresses, individuals living with Alzheimer's or other dementias lose the ability to use words, but families can find new ways to connect.

Join us to explore how communication changes when someone is living with Alzheimer's, learn how to interpret the verbal and behavioral communication, and identify strategies to help you connect and communicate at each stage of the disease.

Hosted by

Monday, November 29
1:00 p.m. - 2:30 p.m.

**To register for this virtual program,
please call the Alzheimer's
Association 24/7 Helpline at
1-800-272-3900**
