

ESTATE PLANNING & ELDER LAW

Do I have an Estate?

YES! Nearly everyone has an estate.

What is my Estate?

Your estate is comprised of everything you own—your car, home, other real estate, checking and savings accounts, investments, life insurance, furniture, personal possessions. No matter how large or how modest, **everyone has an estate and something in common—you can't take it with you when you die.**

Why do I need to plan for my Estate?

When you die—and it is a “when” and not an “if”—you probably want to control how those things are given to the people or organizations you care most about. You will, of course, want this to happen with the least amount paid in taxes, legal fees, and court costs.
