

# WHO NEEDS A...

... DURABLE POWER OF ATTORNEY? ... WILL?  
... LIVING WILL? ... HEALTH CARE PROXY?

**ANSWER: EVERYONE 18 and Over!**

## WHY?

Because **you want control over your life**, especially when you can't speak for yourself.

Because **parents cannot receive information** about their adult children's health or help with decisions — even in health and life-threatening situations, without the proper documents (i.e.: college and single adults)

Because **spouses cannot access their spouse's information** or help with decisions— even in health and life-threatening situations, without the proper documents.
